

## Product Data

Compressive Strength:  
greater than  
6000 psi (ASTM C140)

Water Absorption:  
less than 4% (ASTM C140)

Solar Reflectivity (SRI):  
0.75 (ASTM C1549)

Freeze-thaw:  
less than 1% loss  
of dry weight –  
50 cycles (ASTM 1260)

Standard Tile Size:  
24" x 24"

Custom Sizes  
Available

Weight:  
24 lbs/sq ft

Made in USA

# Hartstone Deck Pavers

These concrete pavers are fabricated and naturally slow cured in a former underground limestone mine. Hartstone pavers are smooth, durable, and compatible with our pedestal offerings. In addition to their industry leading quality and durability, here are more reasons Hartstone is the smartest tile choice:

- Non-slip surface
- Heat resistant (cool to the touch)
- Water-shedding & Freeze-thaw endurance
- Consistency in shape, size, and density – resulting in ease of installation
- Resist stains from pool chemicals
- Mold and mildew resistant
- Lifetime Warranty
- Care and Maintenance services
- Additional products available to compliment your entire space
